Prima Donna Will Sing It Between Acts of "Mother's Liberty Bond."

BIG RALLY IN ROCKLAND

Concert To-morrow Night and Water Fete Will Help Buy Tobacco.

Between the acts of "Mother's Librty Bond," a patriotic play to be produced for the benefit of THE SUN Tobacco Fund, a Metropolitan prima donna is to sing "The Star Spangled Banner" and a regimental song which has been written especially for her. The words of the song are so fine that if the melody to which it is wedded is as good it ought to prove popular. Anyway, there is no doubt that this latest large offering to the smoke fund is full and brimming over with the spirit of country.

"Mother's Liberty Bond" will begin its un at the Park Theatre at Columbiu Circle on the evening of August 5. vords of the new song follow:

Song of the Regiment. want to go back with the others.
With the boys I love like brothers,
want to be one when the battle is done
With the boys of my regiment.
The boys of my regiment.
The husky lads you sent, oh!
To fight with the Hun,
I want to be one
With the boys of my regiment.

Oh, the tramp of feet victorious!
Oh, the flags, the banners glorious!
The bells, the shouts and the salvos wild
That shall greet the regiment!

Den't pile the earth above me.
Dig me out if I'm dead and you love me.
Out of luck if I'm done, still I want to be
With the boys of my regiment! f I shared, and I did, in their story, we the right to be in their glory; want to be one when we've heaten the Hun With the boys of my regiment!

Girls Sell Many Tickets. The outlook for the first week of the play, judged by the way tickets are being sold by the charming saleswomen who are offering them, is of the bright-est. Miss Louise June Finch and her bevy of pretty girls paid a visit to Reisenweber's on Saturday night and sold tickets to the amount of \$131.75. The tickets cost \$1.50 each and will be exchanged at the box office for the best orchestra seats available at the time of resentation for any performance. Beore leaving Miss Finch was invited to he the house guest of THE SUN Fund party night, July 30, and she accepted; has in turn invited Mother Davison and Daniel Frohman to be her guests at that time, and they have accepted. Miss Rose, Miss Peggy, Miss Marie Du

Chette and Mrs. Florence Roesch and her daughter Kathleen will be of The Sun party also on that great night. Managers Shult and Wagner and Miss Alice King, hostess, are preparing a programme which will make Broadway think of "Hitchy-Koo," the Winter Garden show and Ziegfeld's latest follies rolled into one jolly mass. There will e many wonderful or unique things to trength and money for the occasion

Carl Oberbrunner will act as accom-panist for all the singers. Somerville is very much pleased with the pro-sramme and with the array of artists

and the citizens are fully ready to do their part for the Smoke Fund now that they have seen how generous on their side are the contributing artists.

Rally at Rockland.

A cally for the fund will be held Friday at the Samoset Hotel of Rockland, Me under the suspices of the following committee: Justice Riddell of the Suriam Court, Toronto, Can., and Mrs. Riddell; Miss Amy Taylor of Lexington, Mass.; Mrs. Davidson Kennedy, Indiadelphia; Miss E. L. Dorset and Mrs. L. H. Schults of New York; Mrs. J. Cook, Springfield, Ill. Mrs. A. L. Haggot, New York; E. C. Hammann, Middelphia, and Walter Jarvis, New York; E. Moore, managing director.

Frank C. Moore, managing director the Samoset, is giving the affair his resunal attention, and Mrs. Willard ulsbury, wife of the Delaware Sena-will act as treasurer. At the garden s on the beautiful lawns of the hotel. the putting contest, there will be oths decerations of flags and banners ert neter card party will be given in the tired list.

Two U. S. War Emblems

SGT.-MAJOR JOHN H. QUICK

Sergeant-Major John H. Quick of the United States Marine Corps enjoys the distinction of being the first man in the Marine Corps and the only man in the American forces to hold both the Congressional Medal of Honor and the Congressional Medal of Honor and the Distinguished Service Cross. The former was awarded Quick for gallarm work in Cuba twenty years ago, while the latter was won in June this year. In 1898 at Cuzco, Cuba, the U. S. S. Dolphin had mistaken the Marines for Spanlards and was firing on them with large shells. The situation was hazardous, and as the Americans were being shelled also by the Seculade in

ing shelled also by the Spaniards it was seen that something would have to be done immediately. Quick volun-teered and signalled the Dolphin with flago from a dangerous and open position on the top of a hill. For this he was awarded the Congressional Medal. The Distinguished Service Cross was won June 5, 1918, when Quick volun-teered and assisted in taking a transport loaded with ammunition and supplies over a road swept with shell and ma-chine gun fire into the town of Bou-reaches, thereby relieving a very desper-ate situation. Quick's home is in St.

hotel drawing and reception rooms. Saturday's event for the smoke fund is of especial interest because it has been undertaken by children, thirty in number, who live in Scarborough-on-Hudson. It is to be a fete for THE SUN Tobacco Fund on the grounds of Paul N. Hayes's place, and the little folks are praying for fine weather and a large attendance of their eiders, so that they may make a generous contribution to the fund for the soldiers.

GERMANS' CONTROL OF METALS ENDED

Palmer Scizes Enemy Interest in Four Big Companies

Two Firms Believed to Have Supplied Teutons With Much War Material.

ASSETS OVER \$15,000,000

Inited States and of the world by German interests was broken yesterday when A. Mitchell Palmer, Allen Property Custodian, announced that he had taken over the business of L. Vogelstein & Co., Inc., of 42 Broadway and of Beer, Sondheimer & Co., Inc., of 61 Broadway. The assets of Vogelstein & Co. are placed at upward of \$9,000,000 and of Beer, at upward of \$9,000,000 and of Beer. Sondheimer & Co. at more than \$5,000,-

The enemy interest in Stallforth & Co. of New York, dealers in silver buillor also was assumed by the Alien Property Custodian. The latter company is capitalized at \$1,000,000. The enemy interest in the American Metals Company was

seized too. The businesses of L. Vogelstein & Co. Inc., and of Beer, Sondheimer & Co., Inc., were confiscated as the result of investigations conducted by Francis P. Garvah, director of the bureau of in-vestigation of the Allen Property Cus-todian's office. Mr. Garvan is continuing his investigation into the metal situa-

Sold Metals Cheaper in Germany These two companies were affiliated with the German Metal Gessellschaft. The domination of this German company over the world's metal market was such in the United States that the company in the United States that the company was able to sell copper, aluminum, zinc and other metals in Germany at prices

Ownership of the two companies was camouflaged and appeared to be held by Americans, but Mr. Garvan pierced the thin vell that covered the fictitious trans fer of the properties which are believed to have supplied Germany with vast quantities of copper, zinc and other nec-essary war materials after the war bethe American Zinc and Chemical Com-pany, the Langeloth Coal Company, Langeloth Mercantile Company, Lange-loth Townsite Company, American Metal Transport Company, Bartlesville Zinc Company and the South American Metal Company, as well as large holdings of stock in the Ohlo and Colorado Smelt-ing and Refully Company. gan. This activity did not cease until after the United States entered the war. The business of Beer, Sondhelmer & Co. was founded in 1904 in New York as a branch of Beer, Sondheimer & Co. of Frankfort-am-Main, German dealers

in metals, specializing in copper. The New York branch, managed by Benno Elkan and Otto Frohnknecht, con-trolled the German firm's business in United States, Canada, Mexico, South America and Central America.

In 1912 Elkan and Frohnknecht made an agreement with the home of-

fice in Germany whereby each would fice in Germany whereby each would receive a salary of \$900 per month and, in addition, 124 per cent of the net profits of the American branch, the German firm guaranteeing to each that the salary and participation in profits should equal not less than \$18,-700 per year. The German office also provided all the capital required by the branch's business. Of the 70,000 shares of the capita stock of the American Metals Company 15,180 shares are owned by the Metall Bank and M. C., and 18,180 shares by the Metallsens when these agreements were made, although they had been in the United States a number of years. They did not take out citizenship papers of the Co., is objectively shares were shared to the Metallsgesellschaft, both of Frankfort.

Shares Worth \$300.

It was not until after the start of the European war when communication with the German partnership became increas-ingly difficult and finally impossible the German partnership became increase can seems company and Stanforth & Co. lingly difficult and finally impossible. Those American business men placed that the New York corporation of Beer, on the board of L. Vogelstein & Co. Sondheimer & Co., Inc., was organized are Edward M McIlwain, former presi-with capitalization of \$1,000,000 under dent of the Bethlehem Steel Company: the direction of Sullivan & Cromwell as Louis A. Watres, president of the Scrancounsel. The corporation was formed upon the advice of the German company and all the stock was issued to Company: A. H. Smith, president of the the German copartnership.

The company was organized with this small capitalization, notwithstanding that the books of the company as of June 20, 1915, showed the assets to have exceeded the liabilities by \$3,200. How making the book value of each share slightly in excess of \$300. Five John P. Greer and Ford Huntington of shares of the 10,000 shares were issued in the names of directors and the re-maining 9.995 shares were put into a voting trust, the trustees of which were Elkan & Frohnknecht, one Falck, bookkeeper of the company, and a lawyer named Nelson. Elkan was made presi-dent and Frohnknecht vice-president.

When war clouds began to threaten the United States in the spring of 1916 E. O. Jacobson was sent to Europe on the pretence of purchasing 3,000 shares of stock owned by the German partner-ship in the American corporation. It is claimed that Jacobson paid 180 a share for the stock, or a total of \$240,000, of which \$151,000 was said to have been in

In addition a deposit of the American corporation with the German partnership of \$50,000 and \$39,000 on deposit on a subscription to the German war loar also were transferred to the German company. Jacobson is said to be dead, and the only receipt submitted by Elkar and Frehnkneckt is for \$89,000.

Price Is Stated Variously. Jacobson while abroad is also under stood to have obtained from the Germa firm a power of attorney and to have transferred the remaining 6,995 shares of the American corporation to the latter. Contradictory statements were made as to the price at which this sale was made. In a report to the Allen Property Custodian made by Elkan and Frohnknecht it is stated that the American corporation in January, 1917, purchased this stock out of its accomplished as this stock out of its accumulated sur-plus, paying therefor \$700,000 in cash. Army, National Guard and National It is also stated in the report that in It is also stated in the report that in addition this sum, approximately \$2.410.tain to enter the army have been mailed 000, was paid by the American corpora-tion to the German firm as "a balance of the original investment," the claim being that the German firm was willing to sell out its interest here for the amount of the original investment.

Later Elkan and Frohnknecht claimed to day by Surgeon General Gorgas.

Adoption of this policy is expected to prove a welcome change from existing conditions. Hundreds of applicants for

that the \$700,000 was not the amount of the purchase price, but 'hat the price was \$700,000 plus the balance of the that the \$700,000 was not the amount of the purchase price, but 'hat the price was \$700,000 plus the balance of the original investment so paid back.

Mr. Garvan, however, discovered that Elkan and Frohnknecht each drew \$75,500 from the American corporation, thus making up \$151,000, which, added to the \$89,000 deposited in Germany, enabled them to pay \$240,000 as the alleged purchase price for the \$3,000 shares of stock.

Mr. Garvan believes that all the money for the purchase of the American corporation's stock came from the latter's was the intelligent enough to understand must be intelligent enough to understand the same has happened to thousands who have tried to enlist and been refused on physical grounds, and the same has happened to thousands who have tried to enlist and been refused on physical grounds, and the same has happened to thousands who have tried to enlist and been refused on physical grounds, and the same has happened to thousands who have tried to enlist and been refused on physical grounds, and the same has happened to thousands who have tried to enlist and been refused only to be accepted later by their draft boards.

The rule for all three armies is that to make a good soldier a man must be able to same has happened to thousands who have tried to enlist and been refused only to be accepted later by their draft boards.

The rule for all three armies is that to make a good soldier a man must be able to same has happened to thousands who have tried to enlist and been refused on physical grounds, and the same has happened to thousands who have tried to enlist and been refused only to be accepted later by their draft boards.

The rule for all three armies is that to make a good soldier a man must be able to see well, have comparatively draft boards. poration's stock came from the latter's must be intelligent chough to understand treasury, and that Elkan and Frohn-and execute military manceuvres, obe-

treasury, and that Elkan and Frohn-knecht purchased the company for \$240,-600 at a time when it was earning a profit of \$2,000,000 for the year. 000 at a time when it was earning a profit of \$2,000,000 for the year. 

demand.

Metals Corporation, which was a mere shell and was organized for the purpose of consolidating it with Beer, Sondheimer sense than to waste good ammunition on a few scows worth hardly more than the ammunition that sank them, and be-lieve the whole performance due to de-**ESCAPED AIR BOMBS** 

of consolidating it with Beer, Sondheimer & Co. The Pendennie company has no assets, and only \$1,000 of stock was issued to clerks in the office of the lawyer who supervised the consolidation. The ramifications of Beer, Sondheimer & Co. may be seen from the fact that it owned a one-half interest in the National Zinc Company, the entire stock of the Cuba Copper Company, the Cuba Copper Leasing Company and the Norfolk Smelting Company and \$20,000 shares of Daniels Orders Inquiry as to Failure of Missiles in Cape Cod Attack. Smelting Company, and 20,000 shares of the Minerala Separation American Syn-

TUGBOAT TOWED TO PORT

Naval Craft on Sea and in Air Searching Vigilantly for German Marauder.

Special Despatch to Tun Sex WASHINGTON, July 22.—Reports that ombs which navy hydroplanes had used against the U-boat while the latter was attacking a tug and her barges off Cape Cod yesterday had failed to explode Cod yesterday had failed to explode good order. The upper structure, how-stirred Secretary of the Navy Daniels ever, was badly burned and riddled by to-day to order an immediate inquiry. Shells. After preliminary repairs here the has asked the Bureau of Ordnance He has asked the Bureau of Ordnance of the Navy for a full report. The Navy Department understands that two seaplanes participated in the attack and

that they dropped bombs.

The wanton German attack close to the coast and within a few miles of the Vogelstein informed the Allen Propthe German firm terminated in April,
1916, but the Allen Property Custodian
claims that the interest of Aaron Hirsch
& Sohn in the American business has
continued to date, and that except for continued to date, and that except for Mr. Vogelstein's participation in the profits all of the assets of the American to cope with the new menace. It is un-derstood that naval forces and patrol boats have been concentrated, to be on company belong to the German firm.

Mr. Garvan's investigation revealed that Vogelstein & Co. had stored large the lookout for the raider, but no details of these operations can, of course, be made public. It was made clear that these appar-

ent efforts of the German U-boat manders to affect the shipment of Amer-ican troops overseas is doomed to fail-There will be no retardation of war activities whatever, it is explained.

The Navy Department explained that

The Navy Department explained that the bombs used by the naval aviators are very complicated. Their manufacture entails the double problem of rendering them safe for the aviator, but making them explode readily and without fail when dropped. The bombs are made by contract, but are "filled" at a naval in the United States Metal Refining Company and the Kansas Zinc and Smelting Company. Both the British and French navier The Allen Property Custodian also seized the enemy owned interest in the American Metals Company, which owns the American Zinc and Chemical Comhave had some trouble due to failure of bombs dropped by aviators to explode.

> have been occasionally failure by the Boston, July 22.—An investigation was started to-day to determine why combs carried by naval aviators failed o explode when dropped on or near the Jerman submarine which attacked the Amboy and her barges off

Cape Cod yesterday.

Experts at the headquarters of the First Naval district here said the bombs were sent to the various naval districts with explicit instructions that the mechanism must not be overhauled or Justice. any effort made to improve it. The supposition was that they had been officially tested. It was reported that some of the aviators had said that some of the bombs had failed in tests.

Silent as to "Dude" Charge. Rear Admiral Spencer S. Wood, comnanding the district, refused to comment on the report that the bombs dropped by the airmen yesterday were "duds." Ir regard to the attack he said :

"I want to correct the impression given currency by certain published stories that the Chatham aircraft were late in getting to the scene of the attack or were not otherwise promptly on the

Young Turkeys May Be Spared. job. Such stories I know to be a mis-representation of the facts. They were there and dropped two bombs, the ex-wasteful, the Food Administration has

sire to impress the American public with the nearness of the German operations and to excite pacifists, whom they think so numerous in this country, to renewed "It was more or less in the nature of a circus stunt," done also to impress the German people with the idea that the submarine warfare is being carried to

WASHINGTON, July 22. - The next weive months of the war are expected to cost the United States in actual cash expenditures \$24,000,000,000. Contracts to be paid in later years will amount to nearly \$5,500,000,000 more. These figures were made public to-day by Chairman Sherley of the House Appropriations Committee. Discussing his statement showing total appropriations and

"It should be borne in mind that while the statement shows appropriations and authorizations for a sum little short of \$20,000,000,000 the amount of expenditures in the next fiscal year will not necessarily reach." It is not because of Beacon street, had planned to visit her daughter, Mrs. B. Summer Welles in Argentina. South America, this summer, but has abandoned the trip for the present. She is still at Alexandria. Very the statement of the present \$20,000,000,000 the amount of the control of Los Angeles, have announced the necessarily reach any such total. In point of fact the probability is that such point of fact the probability is that such Maurice Willard Richardson of L. ilions less than that amount."

1918 Figures Under Estimate. In support of his contention that ac tual cash expenditures for the next fis-cal year would be in the neighborhood of \$24,000,000,000 instead of \$20,000,000. 000 Mr. Sherley referred to figures for the fiscal year which closed June 30 Figures he has compiled show that the total appropriations for that fiscal year totalled \$18,892,027,501 the actual expenditures, inclusive of loans to the Ailles, were only \$13,581,702,471, leaving a balance of appropriations for last fiscal year still unexpended of \$5,310.315,930. Total revenue under existing laws Mr. Sherley estimated at \$18,161,626,809 This includes revenue from existing tax laws, bond issues, sale of war savings stamps and postal revenues. The present ax laws will raise about \$4,097,715,000 according to Mr. Sherley's estimates the postal revenue will be \$349,800,000 war savings stamps yet to be issued amount to \$1,692,907,609 and bonds authorized but yot yet issued amount to \$12,021,214,000.

Mr. Sherley did not speculate on what the nex taw law will raise, but from his figures on revenue and his esti-

000,000 additional at the most would make the nation's revenue only \$22,000,000,000 for the fiscal year be ginning now and Mr. Sherley's own esti mate of the expenditure is \$24,000, 000,000, while the forecast of the cos of the nation's business, war and every
